Re Recommendation letter Interexpo 22<sup>nd</sup> trade mission to Suriname

Dear Sir or Madam,

It is with great pleasure that I write this recommendation letter for InterExpo's 22<sup>nd</sup> trade mission to Suriname from 25-26 May 2016.

This trade mission will build on the success of InterExpo's previous trade mission to Suriname, in November 2014. I had the honour of opening the conference and hosting the 35 visiting companies at my residence for an informal get-together with the Surinamese business community. My colleagues and I were very encouraged by the appetite from all regions of the Kingdom of the Netherlands for new opportunities in Suriname.

InterExpo has repeatedly shown that they are capable of organising conferences with high-class speakers and creating a tailor-made trade mission experience for participating companies. This is largely thanks to the passionate efforts of InterExpo's director, Mr. Peter Oerlemans. He knows his customers and spends considerable amounts of time on local preparations.

I look forward to welcoming another, perhaps even bigger, trade mission to Suriname in May 2016. And, as we did during the previous mission, the Netherlands embassy will support InterExpo with making the trade mission a success.

Ernst Noorman  
Ambassador of the Kingdom of the Netherlands to the Republic of Suriname
